Visitor Group Flying Names List – used for selecting best aircraft for each.

The pilot has final decision and will ask the proposed flyer for his weight – please try to memorise it.

Normally guests get the front seat. Anyone very nervous can fly in the rear seat.

Name of guest flyer	**Appl form** both pages (tick yes)	>6 ft tall? or < 4' 9" need booster cushion?	Front / back seat Default is front	Glider allocated	Flight Number from log
