We hope you enjoyed your trial lesson. If you were not fortunate enough to have the experience of an extended soaring flight, do come back for another go: longer flights to greater heights and distances are the real joy and reward of gliding. If you did have a good flight, come back and have another.

You now have temporary membership of the club for the period shown overleaf. During this time you may come back and fly at members' rates. Please bring this certificate. You don't have to book, just come to the airfield and we'll get you in the air as soon as we can.

The club is run by the voluntary efforts of members which allow us to keep costs to a minimum. We'll help you to get involved with assisting the ground operation as well as learning to fly.

If you decide to join the club, all your flying fees (including the initial Trial Lesson fee) are calculated at the members' rate; the surplus from the Trial Lesson counts towards your membership fee – you will see from the figures below that this is a considerable saving. You will also be given a personal log book, which you can start by transferring the flights recorded on this sheet.

Members' fees:
Full Membership: £335 pa (£285 eligible discounts)
Launch: £10.00 (but Full Members have 3rd launch on a day free)
Soaring time in club aircraft 39p/min =£23.40/hr
(So a typical training flight will cost around £15)
Junior Membership: £65 pa, launches £8.00, minutes 29p.

Introductory offer: all your launches and soaring time for 12 months £750. (You should expect to get around 80-100 launches and 20hrs flying, which should be enough to achieve solo)
